- layout divided into two separate work zones creating a representative space
- panoramic view of Bratislava's downtown
- large-format French windows and high ceilings
- custom-built furniture with plenty of storage space
- integrated kitchen with the possibility of closure
- hygienic facilities with shower cubicle and toilet
- air conditioning and quality wooden floors

ZWIRN OFFICE project represents a modern concept of owned administrative premises, which combines a prestigious address, quality architecture and above-standard services. There is a professional reception, the possibility of using a meeting room, a shared terrace on the 7th floor, underground parking and representative common areas, which create an ideal environment for doing business and receiving clients.

DISPOSITION

Office space consists of an entrance area, two separate work zones and its own sanitary facilities with a shower and toilet. Interior includes an integrated kitchen with the option of complete closure, thanks to which it does not disrupt the representative character of the office.

Large-format French aluminum windows with insulating triple glazing ensure plenty of natural light throughout the day. Comfort of the working environment is complemented by air conditioning, high-quality wooden floors, electric exterior blinds, high ceilings and a lot of custom-made storage spaces.

Layout solution allows for the effective functioning of a smaller team, separation of client and work areas or a combination of an office with a meeting room. The office space is ready for immediate use with a possibility of individual completion according to the needs of the future owner.
